

## SUICIDE PREVENTION

You must do the Suicide Prevention every time you upgrade or renew your license. The state requires a two-hour training. The training our district provides is found at [sptsuniversity.org](https://sptsuniversity.org):

- Go to [sptsuniversity.org](https://sptsuniversity.org).
- Create an account using a personal email.
- The site will send a link to your email.
- Open the link to do the training. Do the NATIONAL version.

The training is done in modules, so if you don't have time to do it all in one sitting, you may log out and return later. It will take you to where you left off.

Print the certificate of completion for your records. Keep it with all your other licensure files just in case you are audited.
