To attend the 7th grade, a student must have written proof of receiving the following immunizations:

- Tdap
- 2 Measles, Mumps, Rubella (MMR)
- 3 Hepatitis B
- 2 Varicella (chickenpox)
- 1 Meningococcal (Only Meningococcal vaccine given after 10 years of age is acceptable for 7th grade school entry)
- 4 Polio (3 doses, if 3rd dose was given on/after the 4th birthday)
- 2 Hepatitis A
- 5 DTaP/DT (4 doses of DTaP, if 4th dose given on/after the 4th birthday; 3 doses of Td, if starting series after age 7 years with a single dose of Tdap preferred as the first dose).

Starting July 1, 2018, proof of immunity to disease(s) can be accepted in place of vaccination only if a document from a health care provider stating the student previously contracted the disease is presented to the school.

For children whose parents claim an exemption to immunization for medical, religious, or personal reasons, a copy must be presented to the child’s school.

For questions regarding your child’s immunization status, contact your child’s health care provider, your local health department or the Immunization Hotline 1-800-275-0659.
